

Birth Defects and Baby's Sex

Healthy Baby is a Happy Baby

Dr. Stephens developed the exclusive 100% accurate fetal sex determination by ultrasound called FASasm. He holds the US Patent. He does the ultrasound pictures. He can tell you about the health and sex of you baby. The test can be done at 3 months or at 12-14 weeks. He first published 100% accuracy in the NEJM Oct. 1983.

ਮੁੰਡਾ ਹੈ ਜਾਂ ਕੁੜੀ
ਤਿੰਨ ਮਹੀਨਿਆਂ 'ਚ
ਪਤਾ ਕਰਵਾ
ਸਕਦੇ ਹੋ।

New Test available

New test available of
DNA NIPT (noninvasive prenatal test)
Can now tell fetal sex 11 weeks.

Prenatal Screening Tests
